

UPDATE IN NEURO-IMAGING

October 21-22, 2021

Congres Site Oud Sint-Jan, Bruges, Belgium

Preliminary Program

THURSDAY, 21/10/21

08.00-08.30 Welcome Refreshments
Registration
Industrial exhibiton

08.30-09.00 Welcome Address. Update in Neuro - Imaging.
(B. Claikens)

09.00-10.30 Session 1

Chairman: Mauricio Castillo

09.00-09.30 Brain Tumors
(Mauricio Castillo)

09.30-10.00 Spinal and Spinal Cord Tumors
(Luc Van den Hauwe)

10.00-10.30 Advanced MRI in follow-up of brain tumors
(Sofie Van Cauter)

10.30-11.00 Coffee Break

Break Out Coffee with Interactive and Self-Assessment Workshop

11.00 – 13.00 Session 2

Chairman: Christoph Stippich

11.00-11.30 Skull base and brain lesions affecting the temporal bone
(Jan Casselman)

11.30-12.00 Common intracranial cysts
(Mauricio Castillo)

12.30-13.00 Pre-surgical fMRI of brains tumors
(Christoph Stippich)

13.00-14.00 Lunch

*Industrial exhibiton
Self-Assessment Workshop*

14.00 – 16.00 Session 3

- Chairman:** Jan Casselman
- 14.00-14.30 Cone beam CT of the temporal bone : in wich case makes CBCT a difference ?
(Jan Casselman)
- 14.30-15.00 Cranial nerves and neurovascular conficts
(Sofie Van Cauter)
- 15.00-15.30 Black blood imaging; fascinating applications in neuroradiology
(Jan Casselman)
- 15.30-16.00 Imaging of orbital disease
(Aad van der Lugt)

16.00-16.30 Coffee Break

Break Out Coffee with Interactive and Self-Assessment Workshop

16.30-18.30 Session 4

- Chairman:** Laurens De Cocker
- 16.30-17.00 CFS-related disorders
(Laurens De Cocker)
- 17.00-17.30 Degenerative spine disorders
(Mauricio Castillo)
- 17.30-18.00 Atypical findings in spinal infections
(Patrick Seynaeve)
- 18.00-18.30 Q & A

20.00-23.00 Congres Walking Dinner

FRIDAY, 22/10/21

- 08.00-08.30 Welcome Refreshments
 Registration
 Industrial exhibiton
- 08.30-09.00 Welcome Address. Update in Neuro - Imaging.
(B. Claikens)

09.00-10.30 Session 5

Chairman:	Sven Dekeyzer
09.00-09.30	Pediatric neuroimaging and congenital CNS disorders (Sven Dekeyzer)
09.30-10.00	Intracranial hemorrhage (Laurens De Cocker)
10.00-10.30	Vascular malformations (Mauricio Castillo)

10.30-11.00 Coffee Break

Break Out Coffee with Interactive and Self-Assessment Workshop

11.00 – 13.00 Session 6

Chairman:	Patrick Seynaeve
11.00-11.30	Imaging of multiple sclerosis (Luc Van den Hauwe)
11.30-12.00	MS : the mimickers (Patrick Seynaeve)
12.30-13.00	MS: why we still inject? AI? (Patrick Seynaeve)

13.00-14.00 Lunch

*Industrial exhibiton
Self-Assessment Workshop*

14.00 – 16.00 Session 7

Chairman:	Luc Van den Hauwe
14.00-14.30	Imaging of neurodegeneration (Christoph Stippich)
14.30-15.00	Adult white matter disorders (Mauricio Castillo)
15.00-15.30	Complications of drug abuse (Luc Van den Hauwe)
15.30-16.00	Lesser known but typical entities on brain MRI (Laurens De Cocker)

16.00-16.30 Coffee Break

Break Out Coffee with Interactive and Self-Assessment Workshop

16.30-18.30 Session 8

Chairman: Tom De Beule

16.30-17.00 Pathophysiology and etiology of brain ischemia and infarction with focus on imaging
(Aad van der Lugt)

17.00-17.20 State of the art CT imaging in acute stroke: the value of dual energy CT
(Julie Lambert)

17.20-17.40 IV-Tpa and thrombectomy: what the interventional radiologist and neurologist wants to know.
(Tom De Beule)

17.40-18.00 Optimizing stroke workflow in your hospital: time is brain
(Tom De Beule)

18.00-18.30 Q & A

18.30-20.00 Farewell Drink
